Large Murder Case Now up

CHICAGO — (By Associated

admitted kidnapers and
slayers of Robert Franks, school
son of wealthy Jacob Franks,
signed no confessions of
guilt, it became known today and
state, which has asked the
grand jury for murder indict-

witnesses who heard their state-
ments. Double guards have been
placed to watch the county jail
of the pair, day and night un-
der guard. Fearful that
they may attempt to carry out
expressed suicide plans,
not taken to them is rigidly
watched and jail employees have
been cautioned to prevent snu-
gling to them of any means for
escape. The precautions taken
after a conference of
officials with state attorneys
the grand jury completed its
inquiry yesterday.

bert B. Crowe, state's attor-
ney, said he would not bury the
murders against Loeb and Leo-
pold and that every available wit-
ness would be called to testify be-
fore the grand jury. Eleven wit-
nesses were called before the grand
jury yesterday.

CONTINENTAL YOUTH LOCATED IN INDIANA

Paul Brand Believed to be on
Waterloo Farm

MOTHER IS RECOVERING

Search at Van Wert Fails to
Reveal Clues

BULLETIN
Paul Brand, Continental
youth, was found Wednes-
day at the Hutchins farm at
Waterloo, Ind. He is being
returned home.

CONTINENTAL — (Special)
— Belief that Paul Brand, 13,
missing from his home here, is
the boy who received aid from
farmers between Payne and Van
Wert was dispelled Wednesday
when it was learned that the
youth may be at Waterloo, Ind.
Charles Brand, the father of
the lad, received a letter from
Sterlie Hutchins, a farmer living
on R. D. No. 1, at Waterloo, say-
ing that a boy answering the de-
scription of Paul had arrived at
his home Memorial Day, the day
after he left his home here.

The youths told Hutchins that
his family was away for the
summer and that he would like
to stay with him until school be-
gan in the fall. He said he was
willing to do farm chores for
his keep.

Hutchins writes that he was
favorably impressed with the boy
and took him in. The lad was
riding a bicycle and was wearing
pork clothes, the farmer says.

GIVES NAME
The boy gave Hutchins his
name and that of his father, but
told the farmer it would not do
any good to write to his parents
because they were away from
home and would not return for
some time.

The farmer, however, thought
the parents should be advised if
at all possible and as a result
wrote the letter.

Brand and Harry Kern, his
son-in-law, left at once for Wa-
terloo to bring back the youth if
he proves to be the missing lad.
Mrs. Brand, who has been pros-
trated since the boy's disappear-
ance and who suffered a relapse
when Tuesday's search failed,
rallied under the good news.

In his letter, wrote
"Paul does not know I am
writing. This afternoon he is
out mushroom hunting. He is
so happy here on the farm with
the horses and livestock and
with his surroundings. I am
writing this to let you know and
to save you the worry. I did not
wish to humiliate him by turn-
ing him over to the sheriff."

A telegram received early
Wednesday morning from a wo-
man in Waterloo, Ind., con-
firmed the statement that Paul
Brand was staying at the home
of the farmer.

\$1,000 FINE IS RUM PENALTY

Wapakoneta Man Pleads
Guilty in Buckland Court

E. A. Hauss, Mechanic-st., Wa-
pakoneta, paid a fine of \$1,000
and \$19.21 costs Tuesday when
he pleaded guilty before, Mayor
James Wheeler, Buckland, to il-
legal possession of intoxicating
liquors.

State prohibition officers led
by Marshal Frank Roney, of
Buckland, invaded Hauss' place
and seized 15 cases of Canadian
beer, 24 cases of Canadian whisky
and several gallons of alcohol.

Hauss told the court that he
purchased his stock from a man
in Detroit, paying \$157 a case for
the whisky. No price for the
beer was named.

Mayor Wheeler warned the de-
fendant that a second offense
would be followed by a more
drastic penalty.

Hauss, made no comment, but
paid his fine and left, immedi-
ately the court concluded the lecture.

WALSH MAY BE SELECTED

Expected to be Named as
Democratic Chairman

WASHINGTON — (By Associ-
ated Press) — Strong indica-
tions were apparent in Demo-
cratic circles here today that
Senator Thomas J. Walsh of
Montana probably would be se-
lected permanent chairman of
party's national convention in
New York.

Some Democratic leaders in
congress said the question of
Senator Walsh's selection had
virtually been settled. The Mon-
tana senator, however, declined
to comment on the reports.

Senator Walsh has been for
several days in the forefront of
those mentioned for the place.
Democratic party chiefs met
here yesterday to consider minor
convention assignments and at
that time it was said the ques-
tion of the permanent chairman-
ship had not been brought up.
Later, however, George Brennan,
national committeeman for Illi-
nois, issued a statement urg-
ing the selection of the Montana
senator.

The selection of Senator
Walsh, Brennan said, "seemed
inevitable in view of his distin-
guished record in the off inquiry
in disclosing to the country ac-
cidents without parallel in the his-
tory of the nation."

EX-POLICE CHIEF LOSES FIGHT

Court Passes on Former
Youngstown Officer's Case

COLUMBUS — (By Associ-
ated Press) — Former Police Chief
James Watkins of Youngstown
has lost his fight for reinstatement
in his old position from
which he was removed last sum-
mer by Governor Donahy for
law enforcement of the prohibi-
tion laws.

The state supreme court wrote
the last chapter yesterday when
it refused to grant the deposed
chief a writ of mandamus com-
pelling the governor to reinstate
him. The mayor and other
Youngstown officials were de-
fendants with the governor in
Watkins' action.

Watkins was removed by Gov-
ernor Donahy after charges of
law law enforcement had been
filed against both the chief of
police and Mayor William G.
Reese. The mayor was exoner-
ated and reinstated in the position
from which he had been suspen-
ded for thirty days.

Watkins sought reinstatement
on the ground that the governor
was without authority to remove
him, that he was protected by
civil service and could be re-
moved only thru the filing of
charges against him with the
civil service commission.

Weeds Diet Of Couple, Trying Primitive Life

NEW YORK — (By Associated
Press) — Miss Helen Cole and
Charles Carter are back amid the
comforts of civilization after hav-
ing spent three days and nights in
the Wawayanda mountains of
New Jersey in an unsuccessful at-
tempt to prove that modern peo-
ple can live the primitive life.

The host of Miss Cole, while at
a house party in Mountain Lakes,
N. J., Saturday night that she
could catch rabbits, led to the ad-
venture. When the couple were
found last night, they were cook-
ing a mess of mountain weeds in
a kettie can for their evening
meal. Miss Cole admitted that
she had been unable to catch a
single rabbit but New Jersey
mosquitoes were plentiful.

The yellow evening gown which
Miss Cole wore when she left the
party was torn to shreds when
they were found by John Davie,
chief inspector for the Newark
Water Department. Her stock-
ings were torn off and her legs
badly scratched.

Attorney General Crabbe Says Charge is Legal

SYSTEM STARTS JUNE 15
Court to Demand Cash Deposit
in Filing Affidavits

Increased revenue of \$12,000
annually will be derived after
June 15 in Lima criminal court
under a ruling given Tuesday by
Attorney General Crabbe permit-
ting the assessment of court costs
in addition to fines.

This decision provides a mini-
mum cost of \$6 in each case
where the defendant pleads
guilty, excepting in traffic viola-
tions which costs will not aggre-
gate over \$2.50, in addition to
the fines provided under city or-
dinances and state laws.

Institution of the cost system
here is another step in conjunc-
tion with the increase of building
permit fees by the city in its
financial retrenchment program
to meet current operating ex-
penses.

The new system will be inaugu-
rated on June 15 as necessary
costs blanks are being printed
and will not be available until
that date. Judge Neil H. Poling
announced Wednesday morning.

Attorney General Crabbe in
his opinion to Judge Neil H. Pol-
ing contradicted a ruling issued
in 1921 which held the city with-
out legal rights in collecting
costs in a court, created by state
law.

The present attorney general
holds that the court is a court of
record and that while in the gen-
eral act creating the court, no
specific ruling was made regard-
ing collection of costs, no ruling
discriminated against such act
and the measure grants the court
the same right as common pleas
courts.

Lima criminal court was created
by an act of legislature and is
one of six such courts in the
state.

Judge Poling estimates the in-
creased revenue at approximately
\$12,000 a year, basing his esti-
mation on the average number
of arrests in the past two years.

Simultaneous with the institu-
tion of the costs system the court
considers the boosting of fines on
traffic violators, especially
speeders and reckless drivers.

This action tends to materially
aid in the financial comeback.
Every offender convicted in
court or one who pleads
guilty will be compelled to pay court
costs averaging from \$2.50 to
\$6 where pleas of guilty are filed.

In cases where defendants stand
trial, costs in some actions may
amount to \$100 or more, provid-
ing entirely upon whether a jury
is sitting on the case.

All cash obtained by payment of
costs will be entrusted to the city
treasurer and will be collected
for violation of city ordinances.

In outlining the operation of
the court costs system Judge Pol-
ing explained that in an intoxica-
tion charge the person, if he
pleaded guilty, would be fined ac-
cording to the frequency of his
trips into criminal court. Fines
for intoxication average from \$14
to \$25, in addition to the fine
the costs would be for each viola-
tion the total revenue for the city
amount to \$21, basing the case on
a \$15 fine.

Costs include the preparation of
the affidavit, giving the judgment
by the court, preparation of the
warrant, filing of papers for rec-
ords and other work in criminal
court. Instances where police are
compelled to take the offender
from the station in making an
arrest the city has legal right to
impose a charge of 50 cents for
the first mile and 15 cents for
every succeeding mile until the re-
turn is completed.

Traffic violators who have been
sent off with a \$2 fine for
minor offenses and speeders and
reckless drivers, accustomed to
paying \$5 to \$10 for each viola-
tion will be faced with higher
fines and also compelled to pay
costs when they appear in court
after June 15.

Costs for traffic violators
average \$2.50 when the offend-
er enters a guilty plea. In event
not guilty plea is filed the amount
will equate to \$6 as a minimum.
\$2.50 is to be charged for ap-
pearance in court of the arresting
officer. Should witnesses be sub-
poenaed the defendant, if he was
convicted, would be compelled to
pay their fees and also for the
expense of court subpoenas and
other court "red tape" which
would materially swell the costs.
Poling says.

General readjustment of crim-
inal court with the installation
of the costs system is contem-
plated by Judge Poling in a pro-
gram.

TY TO ACCEPT LOAN OFFERS

Local Bankers Rally to Aid of
Safety Departments

NO OTHER WAY OUT, CLAIM

Notes May be Issued Only as
Money is Needed

City officials will take advantage of the generosity of public spirited bankers who have offered to lend the city \$70,000 to be used in paying salaries and expenses in the fire and police departments during the remainder of the year 1934. City Manager C. A. Bingham announced Wednesday.

Necessary expenses approximate \$6,000 every fifteen days and it is imperative that this amount be gotten somewhere before the next payroll comes due. June 15, city officials state. The only way out is to accept what offers have been received, they maintain.

City Auditor C. H. Churchill stated Wednesday he knows of no way in which the city can obtain funds except that which is now being considered.

UP TO COMMISSION

"It's up to the City Commission now," he asserted. "Available funds from the safety funds and the depository interest funds are exhausted and my hands are tied."

Arrangements are being made therefore to issue unsecured notes for the amount needed. They will be issued as funds are needed when the payroll is due twice each month instead of in a lump sum, it is thought.

While these notes are not accepted under the state law as legal debts, they will be paid as soon as the city can obtain necessary funds. Bingham stated Wednesday. Meantime the city will pay interest on them.

With what balance is at present on hand in the safety fund, along with nearly \$2,000 which is available from depository interest, the city will be able to keep firemen and policemen paid up to June 15.

Members of the City Commission are expected to take action at their next meeting authorizing the issuance of the notes.

KEYNOTE OF DRY PARTY SOUNDED

Rev. A. S. Watkins Addresses
Convention at Columbus

COLUMBUS — (By Associated Press.) — Two ministers, Dr. E. L. Lowe of Columbus and E. R. Stafford of Worthington, were considered by prohibitionists as their candidates for governor when the party convention for the nomination of a state ticket convened here today. Less than fifty were present at the morning session to hear Rev. A. S. Watkins of Cincinnati, the temporary chairman, deliver the keynote address.

Watkins, who was the party's candidate for president four years ago, soundly criticized President Coolidge for his retention of Andrew Mellon as secretary of the treasury, "whose heart and soul has been swallowed up in liquor for years." He asserted that if President Coolidge does not rid his cabinet of Mellon before the Republican nomination in Cleveland, he cannot expect the vote of a "single prohibitionist."

State Chairman Prescott Gillilan announced efforts were being made to raise a fund to solicit signatures to petitions to get the party's ticket on the ballot this fall. He said it will take between 10,000 and 17,000 signatures to the petitions.

Other names being mentioned for places on the state ticket were:

Lieutenant Governor—Alfred H. Stratton, Salem, and A. L. Talcott of Cleveland.

Secretary of State—H. L. Man Ford, Youngstown.

Attorney General—George S. Hawke, Cincinnati, and J. M. Petersime of Gettysburg.

Treasurer—Joseph E. Walton of Salem, and W. O. Kincaid of Warren.

A committee was appointed to recommend a slate of candidates for the convention's approval this afternoon.

"I am sure the country would have been interested to hear Daugherty's story under such conditions. He held with Lockwood of the Republican national committee and some of the rest of the Republican gang in Washington when they framed up the conspiracy to indict me on a trumped up charge in Montana."

Daugherty Wheeler will address a Democratic gathering here tonight.

"I SHOULD GIVE A DAMN!"

This Is Declared To Be Leopold's Attitude Toward
Life—Former Governess Tells of
Slayer's Early Career.

MARTINEZ, Cal.—(United Press.)—"I should give a damn!" That, in the opinion of Mrs. Pauline Van Donbetsch, former governess of Nathan Leopold, self-confessed slayer of Young Robert Franks in Chicago, sums up the brilliant university student's attitude toward life.

"I remember one afternoon he shot at a bird and narrowly missed a nurse on the lawn of a nearby home. I upbraided him for his carelessness."

"I should give a damn!" he replied.

"As a young boy he had a mania for killing and collecting birds for a little museum which he kept at his home."

"The death of an animal or bird never seemed to have any effect on him, except perhaps one of enjoying curiosity."

"He was always headstrong and had no respect for his parents."

"Go to hell," he told them, when they reproved him.

"But I still love him," Mrs. Van Donbetsch said. "He was brilliant. I love him as one of my own children. I hope they don't hang him."

Mrs. Van Donbetsch married after leaving the Leopold employ and is the mother of two children.

COURT REVERSES DECISION

Maude Michael's \$75,000
Claim Is Held Illegal

WOOLY RELATIVES WIN

Woman Claims Money for Car-
ing for Aged Couple

Maude Michael, 819 W. Market-st., who served the late Joseph Woolley as housekeeper and nurse from July 1918 until February 1920, the date of his death, is not entitled to his estate, the state supreme court held Wednesday in the reversing of decision handed down by Allen-co. courts.

Whether the decision of the court will end the long drawn legal battle for Woolley's fortune of \$75,000, could not be stated Wednesday by counsel for Miss Michael.

Decision of the court may give Hazel Robinson Newbold, of Little Rock, Ark., and other heirs, immediate possession of the valuable estate.

NEERED OLD PEOPLE

Miss Michael entered into a verbal agreement with the decedent under which she contracted to care for him and his wife from July 1918 until the date of his death. The couple were childless.

In return she was to receive all the real and personal property he possessed at the time of his death. She carried out her agreement, but Woolley died intestate, leaving no will.

Mrs. Newbold and other heirs, mostly nephews and nieces, immediately claimed the estate. Common pleas and appeals courts found in favor of Miss Michael, the latter tribunal holding "the evidence clear and convincing that the contract had been made as alleged, and fully performed by the plaintiff."

It could not be learned if decision of the court will affect other action in which Miss Michael won possession of all household goods and a Cadillac car.

guide in a motiveless murder.

"Just to get a thrill," exclaimed Leopold when asked why. If that is a reason for taking life, then black is blue or green or red.

SANE OR INSANE

Therefore, reason some psychiatrists, the boys must be insane. If they could conceive and carry out as incredible a plot as they did they cannot be normal.

On the other hand, some of the city's foremost alienists declare they are normally sane in every respect. Their trouble, say these alienists, is not in brain and will, but in heart and conscience.

There is the point, it is expected, upon which will depend whether the boys go to the gallows. Many believe the heartless, unrelenting ruthlessness will favor the insanity defense rather than strengthen the prosecution's case.

Foremost in rejecting any insanity defense talk are Dr. Hugh T. Patrick, William O. Krohn and Archibald Church, who examined the youths while they were in the custody of State Attorney Robert E. Crowe. Notwithstanding the uniqueness of the case, it is explainable within perfectly sane limits, they declare.

GIRL STATE WITNESS

Both slayers were precocious. Leopold, the sophisticated aesthete, always was considered a genius. Loeb, the quick, likable profligate, was a pampered darling. And at 19, they found life a bore, with physical stimulants and mental adventures exalted.

Their "thrill" explanation is logical. They are simply extreme products of the age—a brilliant swamp flowers with poisonous perfume.

So say the state's alienists.

Among the non-technical witnesses for the state, it may be set down in advance that few will be watched more closely than Miss Susan Lurie, beautiful University of Chicago student friend of Leopold's. They were simply good friends, she declares, and they aren't any more. But there never was any question as to his being sane, she is ready to tell the world.

CRIME ASTOUNDS CITY

While waiting for the law to take its course, the city goes over again in its mind the astounding facts of the crime. It is superlatively thorough—the Sherlock Holmes unraveling of the mystery through a pile of glasses lost on the lonely prairie, and a plot which no fictionist would dare suggest even as a probability.

Deciding nine months in advance to kidnap a boy and kill him, the pair rehearsed their actions, polished off every tell-tale trace and practiced an identical alibi.

When they were perfection, they picked up their neighbor boy, Robert Franks, as the first convenient subject. They had in mind a grandson of Julius Rosenberg and several other wealthy converts of their vicinity, but Robert chanced along and became the sacrifice.

They killed him in their automobile within five minutes after he climbed in for dinner calmly at a restaurant and then hid the body under a culvert.

So is written now familiarly the story. Not all the millions of their families nor of old Jacob Franks can lure back their victim to life. Nor all the slayers' tears wipe out a word of that story.

PEGGY WEDS FOR LOVE THIS TIME

Swedish Count is the Actress'
Fourth Husband

FINDS MATE OF DREAMS

Happy as Bride of Chicago
Business Man

NEW YORK — (By United Press.)—"This is my first real marriage—and my last. Oh, at last, I'm in love," and Peggy Hopkins Joyce, radiant, raised her beautiful arms ecstatically and smiled upon her new and fourth husband, Count Gosta Morner, of Sweden.

For pretty Peggy, for want of whose love men have killed themselves and whose priceless jewels and millionaire husbands and fascinating style have long been the sensation of two continents, has married again.

"This time for love," the actress said, happily, "I've at first sight—the love I've been waiting for all my life."

Peggy's new husband is descended from an old noble house of Sweden but he is a young, strapping business man, six feet three, aristocratic and immaculate in appearance, 24 years old and when they signed the register at the Swedish Lutheran church at Atlantic City last week, Peggy gave her age as 28.

BLESSING AWITS

The stage which Peggy has graced for many years, will know her no more, her husband says. He will take her to Paris in the fall—for a rest, the count explained. Then Sweden and the baronial halls along the fjords where the parental blessing awaits them.

Peggy Joyce has always declared she would never marry again. And had added that her next husband would be poor. But the count is a practical business man and president of the Stomatol Co. of Chicago, which manufactures tooth paste.

His bride's flashing smile would have made a wonderful "ad" for the count's company, as she confessed they had only known each other a month. The count returned from a visit to his home town in Sweden, armed with a note of introduction to Peggy.

"And it was love at first sight," they both agreed.

HEIR CARRIER

Peggy, who started life as Margaret Upton, a Virginia beauty, and rose through adventures, matrimony and otherwise, to become America's most talked of woman, radiated the happiness of a back-country bride who nestled under her tall husband's arm.

"All my other marriages meant nothing," she insisted. "This is the first time, I have ever been truly in love."

So pretty Peggy found the man at last and became a countess at the same time. Her first husband was Everett Archer, of Denver. They were married in 1914. They could not be together for more than a few days because Peggy is now only 28. The marriage was with Everett Archer, of Denver. Archer was a millionaire.

Then came her second marriage, to Sheik Hussein Hopkins, prominent in Washington society. Divorce followed in two years.

Hopkins was a millionaire. Next was J. Stanley Joyce, a Chicago lumberman. After a sensational trial, he divorced her November 9, 1921.

Joyce was a millionaire. Between husbands, Peggy starred on stage and screen and at least two men shot themselves because their rapture was unrequited. One of these a South American, committed suicide in Peggy's hotel in Paris.

The next day in an interview, she begged to know:

"Oh, why do men run after me? What is the secret of my fatal charm?"

Asked about this, the tall, handsome Count smiled enigmatically.

AIRSHIP, LOST IN FOG, LANDS

Elements Conquered by the
Dirigible Shenandoah

ENDS 1,000 MILE CRUISE

Navigates Treacherous Currents Over Niagara Falls

LAKEHURST, N. J. — (By Associated Press.) — The Shenandoah, giant navy dirigible, broke through a heavy bank of fog this morning and returned to its base almost 24 hours after beginning a 1,000 mile trip over three states, during which it crossed the Canadian border at Niagara Falls. During the last few hours of the cruise the dirigible hovered in a dense fog over its home port, guided only by radio messages and sirens on the field. It was nearly three hours after reaching Lakehurst that the ship was put into its hangar.

Commander Zachary Landis, U. S. N., commanded the ship on this, its first important cruise since breaking away from its mooring mast early in the year and the only one without Captain Anton Helen, the German Zepppelin expert as the director of its flights.

The flight was over New Jersey from Lakehurst to New York, thence up the Hudson to Albany, westward to Buffalo and Niagara Falls and back over Pennsylvania via Binghamton, followed by a cruise above the fog bank hanging over the New Jersey coast.

UNACCOUNTED FOR

The ship was unaccounted for during an hour and a half early this morning when radio messages were not received from him, the naval station radio operator obtained no answer to his signals.

The Shenandoah left her base at 7:15 a. m. Eastern Standard Time Tuesday, arriving at Albany at noon when her presence was a feature of the city's tercentenary celebration. There she visited Niagara Falls, the first time made by such a craft thru the uncertain air currents prevailing in that region.

Going to Albany, the Shenandoah travelled about the same lane followed 350 years ago by Henrik Hudson. The Shenandoah made the trip in about as many hours as it took days for Henrik Hudson.

COURT COSTS TO AID CITY

(Continued from Page One)

which has as a safety measure the placing of a deposit by every person swearing out an affidavit. The deposit will be sufficient to defray all expenses in event the case is dropped and the prisoner released.

Financial loss aggregating considerable is experienced annually by the withdrawal of affidavits by persons who take up court at law offices, not counting the stationary cost.

Judge Poling is to demand after June 15 that with the swearing out of an affidavit, a fund sufficient to defray all costs must be filed in the court. In event the case is completed and a conviction is returned against the defendant the plaintiff will be reimbursed by the court—and the defendant will be compelled to pay the costs of the case, clearing the court of any financial obligation.

Courts in use in large city courts are being studied by Judge Neil R. Poling and Purchasing Agent Frank Hume has ordered the required forms so that the new system can be inaugurated here no later than June 15.

"Extra help may be required at criminal court," Judge Poling said, "but the increased revenue from this source will give the court approximately \$1,000 more each month, or \$12,000 a year."

OHIO WILL CARE FOR WOMAN

Donahy Answers Query as
to Insanity Case

COLUMBUS — (By United Press)

Governor Donahy today wrote Assistant Secretary of the Navy Roosevelt suggesting that Miss Cora Morrow, who is mentally deranged, and living in the Virginia Islands, be sent to Canton, Ohio, so that the state court there can commit her to one of the state hospitals for the insane.

Roosevelt on May 9, inquired whether the state of Ohio was in a position to care for Miss Morrow. After conferring with Attorney General Crabbe and State Welfare Director Harper, Donahy decided that Miss Morrow could be considered a resident of Canton, and that under the circumstances, she could be committed to one of the state hospitals provided the navy department arranged for her transportation to Canton.

The governor's letter follows: "Dear Sir: "Under date of May 9, you inquired whether the state of Ohio would be in a position to care for, in one of its state institutions, Miss Cora Morrow, who is mentally deranged and living in the Virgin Islands. "Our delay in replying is for the reason that there seems to be some question whether Miss Morrow can be considered a resident of Ohio and therefore, some question whether she can be admitted into a state institution. After consulting the attorney general of Ohio and the director of public welfare of this state, we are of the opinion that Miss Morrow may be admitted to an Ohio institution. "Under the circumstances, Miss Morrow should be considered a resident of Canton, Ohio, and before she can be admitted to a state institution, she must be formally committed by the probate judge of Stark-co. My suggestion, therefore, is that you arrange for her transportation to Canton, Ohio, and deliver her to Probate Judge Alva L. Deal, who then will commit her to one of our hospitals for the insane."

IONS NAMED PRESIDENT

ations Made by Ameri-
an Party Convention

ALL IS RUNNING MATE

not Defeated in Vote for
Head of Ticket

COLUMBUS — (By Associated
Press) — Organizations will be
started in all states immediately
and an aggressive national cam-
paign carried on by the American
party, it was announced today
following selection last night of
Judge Gilbert O. Nations of
Washington, as the party's presi-
dential standard bearer and
adoption of a platform dealing
with law enforcement, immigra-
tion, outlawry of war and polyg-
amy. Congressman Charles H.
Randall of Los Angeles, was
named as running mate to Judge
Nations.

Proposals for amalgamation
with the Prohibition party, which
meets here tomorrow, were de-
clared by Rev. B. E. Prugh, of
Harrisburg, Pa., chairman of the
Prohibition party in Pennsyl-
vania to be premature in an ad-
dress before the convention last
night. However many delegates
who are here for the national
Prohibition party convention, in-
dicated considerable personal en-
thusiasm toward the proposed
amalgamation.

BALLOT ON TICKET

Governor Clifford Pinchot, of
Pennsylvania was placed in nomi-
nation for president and Con-
gressman W. B. Upshaw of At-
lanta for vice president. The
ballot was Nations 29; Pinchot
7; Randall 16 and Upshaw 19.
While a majority of the dele-
gates prior to balloting favored
Governor Pinchot, his friends in
the convention declared that un-
der no circumstances would he
head a third party ticket as he
intended to remain affiliated
with the Republican party.
Friends of Congressman Upshaw
declared he had ambitions to-
ward the Democratic vice presi-
dential nomination and if he
failed in that if the New York
convention he would run again
for congress from his Georgia
district.

The party's platform demands
the government initiate treaties
with foreign countries looking to
the outlawry of war; censorship
of foreign language newspapers;
that foreign schools should be

prevented from disseminating
foreign propaganda and that
wealth should be limited. Other
plans include:

More stringent laws dealing
with polygamy, white slavery and
kidnaping; effective laws for
dealing with those guilty of elec-
tion frauds; laws restricting im-
migration for the next five years
and preparing the alien for im-
migration in his home country
instead of determining his fit-
ness after arrival in this country
and law enforcement, especially
the eighteenth amendment.

Party campaign plans call for
the organization of American
party clubs throughout the country,
naming a national executive com-
mittee of 15, not less than five of
whom shall be women, and ap-
pointment of a national central
committee composed of two mem-
bers from each state, equally di-
vided as to sex.

RIXEY HURLS AIR-TIGHT BALL AS REDS DEFEAT BRAVES

OBINS HELP GIANTS IN RACE FOR PENNANT

There are strange things that come to pass in baseball. Just at this time would require more than the ordinary sage to figure out why the Giants have beaten the Robins 9 out of 11 games. Those Birds came west and played a strong game of ball. They were found extremely troublesome by both Chicago and Cincinnati, and still they stuck up against the Giants as a bunch of schoolboys slinging doughnuts to the Rainbow. Unquestionably the Giants would gather the pennant straight pennant if they could but arrange a couple of more more games with this

PLAYING THE SWINGING BUNT DOWN BASE LINE

JOE DUGAN
Third Baseman, New York Yankees

The hardest play in the game is the swinging bunt down the third base line. It is a difficult play because it requires the player to have a good understanding of the ball's trajectory and to be able to swing the bat with precision. Joe Dugan, a third baseman for the New York Yankees, is a master of this play. He has a reputation for being a "bunt king" and has helped his team win many games with his skillful play.

AS A MATTER OF FACT

It's a bit pitiable that Eugene Crique, the French feather is thru. Not because of his prowess so much as his garden. There is always a sort of veneration for the true hero and this little Frenchman rightfully and truthfully is in that class. There were a million French soldiers put off in the fighting at Verdun; Crique was one of them; had half his face torn off by German artillery. Thru aid of modern surgery he was patched up; was forced to wear an artificial jaw, and it was in this condition that he fought Johnny Dundee and the condition he was in when he won the feather championship from Johnny Kilbane.

June 2, 1923 and knocked that great little boxer out in 6 rounds. His fight with Dundee will ever be remembered; he fought with all the stamina of which a human is capable, with the same brave determination that men go up to the cannon's mouth. He was terribly punished, but kept going round after round, until the referee had counted fifteen; bleeding; all but insensible with or

WHO IS FRUSH?
Contrary to the headlines in most of the papers, Frush is not an American pugilist. He is a Jew and was born in London, England, where he lived and fought until he came to America. He settled for a time in Baltimore and boxed with indifferent success around that City. He was what is known as an in-and-outer, fairly clever and at times showed flashes of real fighting ability. If we jog our memory a bit we will remember the fiasco between Frush and Johnny Kilbane, when they boxed in Cleveland. It was the beginning of the end, so far as boxing was concerned, for a long time. It may have been Jimmy Dunn, who formerly handled Kilbane—and an astute manager of boxers, make no mistake—that was at the bottom of the affair. Johnny Kilbane won decisively, but there were repeated cries of foul, and the referee was taken to task for not allowing them. Kilbane was accused of fighting unfair, and he said to Reserve. The game will be played Saturday at the end of exam week.

Wooster turned in a 6 to 4 victory over Reserve at Wooster for the season's opener. The Clevelanders have sent word that they are playing much better ball now and are going to even up the score.

Wooster has two conference games left on the schedule. In addition to the Reserve game, Wooster will play Mt. Union. This will be the first baseball game between the two schools for several years. The game will be played at Wooster and is a part of the Commencement program. It will be played Wednesday June 11 at 3 p. m.

\$30,000 MARK PASSED
The \$30,000 mark in the drive for \$40,000 to build concrete stands at Wooster College foot ball field has been passed. Coach M. C. Bole was in Cleveland Monday going over the plans and bids will be accepted within the next week. The proposed bleachers will seat 5,000 people and will be on the south side of the field.

PENNOC STARTS WEST
Herb Pennoc started his Yankee trip thru the west with a 6 to 3 victory over the White Sox. The Red Sox kept pace a half game behind the world's champions by beating St. Louis 8 to 7. Sister of the Browns hit a homer.

Fee! Lame, Achy—All Worn-Out?

BACK lame and achy—making you miserable? Sharp pains stab you at every sudden move? Feel all worn out—older and slower than most folks of your age?

Then look to your kidneys! They are the blood-filters, you know, upon which your health depends. Once the kidneys weaken, body poisons accumulate and upset blood and nerves. Backache is apt to follow, with rheumatic twinges, headaches, dizziness and kidney irregularities. One is constantly tired, and feels weak, nervous and dispirited.

Don't wait! Delay may lead to serious or chronic kidney sickness. Use Doan's Pills. Doan's are recommended by thousands. Ask your neighbor!

"Use Doan's," Say These Lima Folks:

W. J. McClaine, retired farmer, 319 W. Kirby-st., says: "I was troubled with my back and kidneys. I felt tired and my muscles were stiff and lame. When I bent a sharp pain took me so I could hardly straighten again. My kidneys were inactive but Doan's Pills gave me relief. My back was strengthened and the soreness disappeared."

Mrs. Harry Gibson, 1155 S. Central-av., says: "After I had the flu, my kidneys were left in a weak condition and I suffered a great deal with backache. I couldn't half do my housework and was just miserable. I was without energy and felt weak and nervous. My kidneys acted too freely, so I procured Doan's Pills from Verkamp's Drug Store. Doan's gave me relief from the suffering. My kidneys acted regularly and the backache left, so I could do my housework with ease."

ENAMEL YOUR KITCHEN WALLS DO NOT PAINT THEM

The kitchen and bath room walls require a finish that can be washed. A flat or ordinary gloss paint is very hard to wash clean. The practical way to fix them is to enamel them. Of course, a high gloss enamel is not satisfactory either on account of the gloss.

The best thing to use is Kyand's Celoid Finish. This is a Semi-gloss Enamel that is easy to apply and does not show brush marks or laps. It goes further than paint and takes fewer coats than paint. —one coat is frequently sufficient.

Celoid Finish besides giving this beautiful semi-gloss enamel finish that is mostly desired gives you a hard sanitary waterproof finish that is the delight of every housewife.

To enable you to test out this wonderful finish yourself we will make the following offer: Your name on this coupon and 25c is good for 7c.

A full 1/2 pint can of Celoid Finish worth 45c and a good brush worth 30c. Just cut out the coupon, sign and bring to our store.

Two years of tests prove this:

You can get greater power —yet save 30% on gas!

Your motor was built to deliver a lot of power. If you haven't been getting it — blame the gasoline you've been getting.

Now, you can get power—speed — quick starting — lightning pick-up. And you can save 30% of what you've been paying for gasoline yearly.

38 cars tested 2 years

Our engineers have just concluded a 2-year period of tests on 38 different cars. They used PUROL gasoline—and kept accurate records, which prove:

That PUROL gives 3.3% greater mileage; saves 14.2% of the fuel that usually drips down into crank-cases; saves \$2.98 in lubricating oil for this reason; and saves \$10.33 in general repairs through the greater efficiency of lubricating oil that is not diluted.

The average car uses 500 gallons of gas yearly. So the first two savings equal \$17.50 (87½ gallons at 20c). The four items show a total yearly saving of \$30.81—30% of the yearly gasoline bill for the average car!

Because "built" for full power

There's a real reason for the performance of PUROL. And that is that it's refined, or "built" to give fullest efficiency in your motor.

All gasoline is made up of combustible units.

From the first 10% of these units you should get quick starting. From the next 10% — lightning pick-up. From the rest, resistless pulling-power, speed, mileage.

These are precisely the combustible units you get in PUROL. Because it is refined to possess them. We found out what gas should do in a motor. Then produced PUROL to do it. They made the tests to prove it.

Make a test of your own

Drive for just an hour with PUROL and feel the increased power and flexibility it gives your motor.

Get it at any Pure Oil Service Station, or dealer's. You'll know them by the pumps painted "Pure Oil blue."

You'll find PUROL always uniform. Giving the same efficient service a month or a year from now as it gives today. Make a test.
